To whom it may concern

This is to certify that I, Alexa Kirsten Barnby, ID no. 5106090097080, a full-time language practitioner accredited by the South African Translators' Institute, have edited the article titled "Barriers and challenges private higher education institutions (PHEIs) face in the management of quality assurance in South Africa" by E Stander and Prof C Herman.

The onus is, however, on the authors to make the changes and address the comments.
