

To Whom it May Concern

I hereby confirm that I have proofread the article *The usefulness of facilitating narrative career counselling with learner-athletes in a South African sport school*, written by Prof L. Human and Dr M. Human.

I am now retired, but spent my entire academic career at the University of Pretoria, for many years in the Department of Afrikaans and during the latter years until retirement in the Unit for Academic Literacy.

A handwritten signature in black ink, appearing to read 'Jurie', is written above a horizontal line.
